THE EGG BEATER

THE HEN BEATER

**A LIFETIME GUARANTEE
CAGED BATTERY HENS SUFFER.**

A battery hen is crammed inside a cage with floorless eggs... given less space than a phone book... she suffers painful leg injuries and is continually pecked by frustrated cage mates... her food is moulded... she has to stand, she will never walk, wing flap or even walk... sunlight, privacy and fresh air are denied for New Zealand's 1.8 million battery hens, all a long fall.

Help stop the madness. Don't buy battery hens eggs.
Pledge your support by calling 0800 SAVE US.
